# TITHE TAX COTTON.

## Notice to Post Quarter Masters.

COLUMBUS, Miss., Feb. 1, 1864.

**A**S General Agent of the Produce Loan, I am instructed by a Treasury Circular of the date of November 16th, 1863, to take possession of all cotton collected in Mississippi by Post Quarter Masters of the tax in kind and receipt to them for the same, and am required to establish general regulations. The following are prescribed:

1st. In all cases of delivery, the act of Congress makes it imperative that the cotton should be properly ginned and packed, in a secure manner, and the instructions require that the parcels shall be weighed and marked. It will be sufficient to mark upon them the weight, the letter T. and the initials of the planter.

2nd. In cases of actual delivery, Post Quartermasters and their assistants will cause the parcels to be stored in a safe covered building, and furnish this office a duplicate receipt for the same from the warehouseman or party undertaking the custody. And where several persons aggregate their tithes into one parcel, which is desirable, the same shall be indicated on the receipt. Should the storage be effected in a government building, the agent may receipt for the same.

3d. Where the delivery is constructive, the party retaining the possession shall sign an obligation to take due and proper care of the cotton.

4th. Whenever the receipts and obligations, in duplicate, provided for in sections 2 and 3 (of which blank forms will be furnished by me, and are annexed,) are received at this office, together with the reports of the Post Quartermasters, which are required to be monthly, a receipt will be returned for the cotton as having been properly turned over.

5th. In cases where cotton has been delivered a distance of over eight miles, the parties will be entitled to compensation, if they require it, at the rate of thirty cents per hundred pounds for the excess, and assistant Quartermasters will be provided with the funds for the payment on receipts of their reports. If the delivery is to be at a future time, an equitable rate for the transportation will be awarded.

CHARLES BASKERVILLE, of Columbus, Miss., is my Chief Assistant for the State, and is authorized to receipt also to Post Quarter Masters, who are invited to report to the office any dereliction of duty in parties having charge of Government Cotton.

J. D. B. DEBOW, Gen. Agent.

The regulations above prescribed are accepted, and will be acted upon by all persons employed in this department.

JAMES HAMILTON.
